## More Reliable, More Secure

Using the most reliable and secure communications and advanced tamper-resistant technology, you can rest assured your home will stay protected

**Dedicated Communication** - Even if the phone line is damaged, the power goes out or the Internet is disconnected, your system always works.

**Exclusive Crash & Smash Protection** - Your system will continue to work even if the security panel is damaged or the phone line is cut.

## Always On Awareness

With your Vintage Interactive system, you can check in anytime, arm or disarm your system remotely and receive notifications - all while on the go. You can also check on other connected devices including lights, locks, thermostats and garage doors.

**Instant Alerts** - Get real-time notifications by text or email the moment something happens in your home.

**Personlized User Codes** - Create unique user codes to know who's coming and going at all times.

**History** - Look back at activity over time or search for specific events.

# Video Monitoring

## See home, no matter where you are.

Video Monitoring through Vintage Interactive lets you see what's going on at your property even when you're not there. Now you can see who's pulling in the driveway, get a video alert when someone comes through the front door or just check in to see how your favorite pet is doing.

### Watch Live Streaming Video

Watch live video from your property right on your smartphone, tablet or computer. See what's happening at home, from anywhere at any time.

- Get HD quality and great lowlight performance with crystal clear video.
- Simultaneously view multiple locations on the same screen.
- Remotely move the Pan/Tilt camera to see different views of a location.
- Easily integrate existing analog video cameras with your Vintage Interactive system.

### Receive Video Alerts

Get video clips sent directly to you when the front door opens, the alarm goes off or there is motion in the basement or anywhere else.

### Never Miss a Thing

Smart Clip Capture motion or event-triggered video clips, make it easy to find exactly what you want to watch later. With a searchable library, you'll be able to go back and see exactly what occurred and when.

### Get Continuous Recording

Capture 24/7 high definition recording through the Stream Video Recorder (SVR). The SVR provides secure remote video streaming accessible from anywhere right to your computer or mobile app.

### Use Your Location

Automate your home settings based on your location. The Geo-Services feature pauses video recording schedules automatically when you're in your home.

### Key Features

- High Definition video footage
- Infrared night vision
- Wireless communication for convenience
- Tamper-proof off-site storage

- ✓ Live Streaming Video
- ✓ Smart Clip Capture
- ✓ Video Alerts
- ✓ Continuous Recording
- ✓ Full Line of HD Cameras
- ✓ Indoor/Outdoor and Wireless Models
- ✓ Location Based Recording
- ✓ Fully Integrated with All Vintage Interactive Services

# Home Automation

## Seamless Integration and Control.

A Vintage Interactive system can connect all the key devices in your home, giving you smart, responsive automation and seamless control that you can't get from stand-alone solutions. Best of all, your entire system can be controlled through one app, for total convenience wherever you go.

### Multi-Sensor, Adaptive Learning

Using the data from all the connected devices in your home helps your system understand your activity patterns. With more accurate information, your system better understands your activities and routines, and optimizes your home to match your lifestyle.

### Seamless Integration

Our intelligent platform integrates all your smart devices into a smart home management service.

- **Integrated** - Connect all of the key devices in your home.
- **Automated** - Get smart, responsive automation and seamless mobile control.
- **One Experience** - Enjoy the most powerful mobile app for your home - no matter where you are, you're in control.

### Powered Together

Your devices are better when they work together A Vintage Interactive system enables your devices to talk to each other.

- **Control** - Rules enable you to completely personlize your system
- **Simplify** - Custom triggers automatically choreograph activity across devices
- **Know** - Recieve real time text or image alerts when the door opens or a motion is detected

### Constant Evolution

Technology changes quickly, but with a Vintage Interactive system, you'll stay on the cutting edge. Continuous updates makes sure your service and app are always current. Easily add devices into your existing system

## Make Your Home Work For You

- ✓ Automate lights to turn off when the system is armed or the door is closed
- ✓ Remotely open and close garage door
- ✓ Automatically adjust your thermostat when you leave home
- ✓ Get a text alert whenever the front door is unlocked
- ✓ Automatically initiate events from the arming and disarming of your security system
- ✓ Set triggers to automatically respond to emergency conditions
